**HAMLIN FFA CHAPTER** will observe National FFA week with several activities. Governor Price Daniel has designated the week of February 22 through March 1 as National Future Farmers of America Week in Texas. Governor Daniel is shown presenting the proclamation to Billy Penn, State FFA president and George Hurt, state director of agricultural education.

## BCD Membership Drive Working Well

Eighty-three individual and business memberships have been recorded by the recently organized Hamlin Board of Community Development. It was announced at the first regular monthly meeting.

## Pied Piper Band To Give Concert Next Thursday

Hamlin High School's 60-piece Pied Piper Band will present a variety concert Thursday evening of next week, February 27, in the high school auditorium. Curtain will rise on the musical program at 7:30 o'clock.

Admission to the concert will be 25 cents for students and 50 cents for adults, it is announced. Proceeds will go into the band fund, which is used for purchasing extra equipment and other purposes.

Mac Fullerton is director of the band, and he has developed a fine technique among the band members. His group was recently rated among the top Class AA bands of Central West Texas when the musicians appeared in contests at Winters.

This year the band has obtained a wide variety of new music on which they have been practicing diligently, and many of these new numbers will be used in the concert program. This music ranges from strict classical to light, lively melodies to modern popular music. All of the Hamlin community is invited to the concert.

Another band presentation that is scheduled later in the year will be a stage band show.

## Junior Class Play, "Rest Assured," Set Friday Evening at School Auditorium

Annual play production by the junior class of Hamlin High School will be presented tomorrow (Friday) evening at 7:30 o'clock in the high school auditorium.

"Rest Assured" is the title of the play. Those who attended dress rehearsals Monday evening say everyone may "rest assured" the play will be worth attending.

Cast of characters for the play include Jerry Carlton, Eddie Gabriel, Dudley Griggs, Don Hicks, Phillip Miller, John Richey, Don Shivers, Bryan Shelburne, Paula Andrews, Wyvonne Conner, Jo Ann Hallum, Laretha Hill, Betty Maberry, Judy Parker, Ginger Rabbjohn and Gloria Rodgers.

Stage hands for the production are Wesley Acklin, James Austin, Charles Bennett, Boyce Blackship, Michael Brandon, Marion

## Hamlin People Go to Carlsbad for Funeral

Mr. and Mrs. F. F. Shout and Mr. and Mrs. Harold Williams were in Carlsbad, New Mexico, over the week-end attending the funeral of the Shouts' grandbaby. The baby, one of twins, had been ill since birth and died Friday in a Temple hospital.

of the board of directors Monday evening at BCD headquarters in the city hall building. President Carl Murrell presided.

W. T. Johnson, chairman of the membership committee, declared that plans for further membership drives have been made, and that the budget of \$10,000 is expected to be raised within the next few weeks.

John C. Bryant and H. C. Adair reported on a recent industrial conference which they attended at Abilene. They gained much valuable information, they stated, on securing industry, which is one of the major projects for the Hamlin community. Bryant also discussed a water project on the Brazos River, north of Hamlin, which has been pending for several years. He said a meeting with Brazos River Authority officials at Abilene is scheduled soon by members of his committee.

Another project of clearing delinquent taxes and titles to property in Hamlin, as a means for releasing lots now tied up in stymied tax litigation and making it available for new owners and current tax revenue was discussed. Plans were talked to clear some of this property.

Project of combining most of the major fund drives in the community into a United Fund campaign was urged by directors at the meeting.

Matter of action on a permanent headquarters for the Board of Community Development was deferred. The present quarters are adequate, but a ground-level location is needed, agreed several of the directors.

All directors but two attended the session.

## Public Schools Week Program Is Scheduled in City

Public Schools Week will be observed in all Hamlin schools the first week in March. It is announced this week by Superintendent of Schools C. F. Cook. The observance will be from Monday, March 3, through Thursday evening, March 6.

Special observances will be conducted in the schools themselves during the week, with emphasis being given the theme that free schools for everybody are a tradition for American children—a fact that is not experienced in many of the nations of the world today.

A public program is scheduled for Thursday evening, March 6. All the schools of the city will have open house, when parents and others are invited to inspect the classrooms, work of the classes that will be on display, and other facilities in the school system.

After the open house there will be a program in the high school auditorium, beginning at 8:00 p. m. The Parent-Teacher Association of the Hamlin Schools will have charge of the program.

The Lions Club will meet as a body in their weekly luncheon Tuesday noon, March 4, in the high school cafeteria, taking their meal there and having the regular program following. The Rotary Club likewise will have its regular weekly meeting on Wednesday in the cafeteria. The clubs will convene at 12:10, it is announced.

## County-Wide Wiener Roast Set by 4-H Clubs

Members of Jones County 4-H Clubs will hold their first annual county-wide wiener roast and country party on Thursday, February 20, according to Bill Lehnberg and Mary Newberry, Jones County extension agents.

The event was planned by the 4-H Club committee of the Extension Council. Birger Haterius is chairman of the committee.

All 4-H Club boys and girls and their families from all over the county will assemble in the church picnic grounds in the Ericksdahl community at 6:30 p. m. After supper the group will sing songs, play games and hold relays.

The club with the largest attendance will receive a special prize, it is announced.

## M. O. Allen Serving With Antarctica Unit

Navy Lieutenant Commander M. O. Allen, son of Mr. and Mrs. Fred Allen of Hamlin, is serving at the Naval Air Facility at McMurdo Sound, Antarctica, according to a news release from that south-of-the-world frigid area to The Herald.

He is a member of Naval Support Unit 3, "wintering over" force and will spend the long winter night at McMurdo.

Members of the "wintering over" force will aid scientists in their research and maintain the air base so that it will be ready for operations when the sun rises again in October.

## Quick Campaign Scheduled For 1958 Heart Fund in City

## House-to-House Canvass Slated in Hamlin Sunday

Quick campaign to raise money for the Heart Fund in the Hamlin community has been set for Sunday afternoon, according to Wesley Nail, community finance chairman, and Joe C. Culbertson, fund chairman for Jones County.

Door-to-door canvass will be conducted by special teams Sunday between 2:00 and 4:00 p. m., the drive leaders declare, when the cooperation of the citizens of the city is urged.

Any who may be missed in the special two-hour drive, or who may not plan to be at home during these hours, are urged to take their contributions to Nail, Culbertson or Buna Rountree, county treasurer, at the Farmers & Merchants National Bank.

No set goal has been set for the community in the Heart Fund drive, said Nail. Sixty per cent of the amount raised will remain in the county for purposes of education and handling special cases, Culbertson declared.

General county chairman of Heart Fund organization is Austin Shurt of Hamlin.

Leaders in the movement point to great strides that are being made in research and treatment of heart diseases, which account for the greatest percentage of deaths of any cause today. Because of these advances and need for further work in the field the need for funds is made more urgent, leaders declare.

The 11 members present voted to enter the following contests this spring semester: Livestock judging, dairy cattle judging, poultry judging and land judging. Contests which the boys expect to enter include ACC Field Day in Abilene, Coleman area, Texas Tech and Area II contests at Lubbock.

Preliminary plans were made for the annual parent-and-son banquet, which is to be announced at a later date.

T. C. Blankinship, one of the local advisors of the group, reported that the chapter still has several hundred pounds of blue panic grass seed for sale to anyone interested.

Twins were born February 19 to Mr. and Mrs. Fred Barry Moore Jr. The girl, who weighed six pounds five ounces, has been named Ann Patricia. The boy, who weighed six pounds four ounces, will answer to David Christopher.

A girl was born to Mr. and Mrs. Maxwell Rogers Murrell on Valentine Day, February 14. Named assigned her is Kathryn Leigh. She tipped the scales at seven pounds two ounces.

A girl for Mr. and Mrs. Ernest Garland Upshaw of Hamlin discovered America February 17. She balanced the scales at six pounds light ounces and will answer to Peggy Denise.

## Everybody in the Church of Choice Goal for Sunday

"Everybody in the church of his choice Sunday" is the slogan of a special Hamlin-for-Christ campaign scheduled for the entire community Sunday, sponsored by the Hamlin Ministerial Alliance.

Rev. Bill Hanna, pastor of the First Church of the Nazarene, is president of the sponsoring organization.

All churches of the community of every denomination have been urged to participate in the drive to emphasize the importance that church attendance plays in the lives of people.

"Not just to stress attendance on this one day, but to impress on attendants at the services Sunday the habit of regular church attendance, the campaign is designed to eventually increase the attendance in all churches of the area," Rev. Hanna explains.

Special advertising campaigns for the Hamlin-for-Christ Day are being conducted this week to contact every resident of the community. Radio, telephone, newspaper and circulars are being utilized to publicize the campaign.

Special ribbons plugging the day will be distributed Saturday.

Several of the city's churches are scheduling week-end services Friday and Saturday in preparation for Sunday's all-out church attendance.

## Trustee Candidates Names Must Be Filed By March 6 for Ballot

Trustee election for naming two members of the board of trustees was set for Saturday, April 5, when the board of education of the Hamlin Independent School District met in a called session last Thursday.

Voting will be done in the high school building. Harold Williams was appointed presiding judge and Mrs. Brad Rowland and Mrs. C. C. Prater as clerks.

Term of office of Fred B. Moore Jr. and Noel (Duck) Weaver expires.

Anyone who wishes to run for trustee must do the following: All requests by candidates to have their names placed upon the ballot for the Hamlin school trustees election shall be in writing and filed with Richard Young Jr. at Hamlin, Texas, not later than March 6, 1958, at 7:00 p. m.

Twins were born February 19 to Mr. and Mrs. Fred Barry Moore Jr. The girl, who weighed six pounds five ounces, has been named Ann Patricia. The boy, who weighed six pounds four ounces, will answer to David Christopher.

## Major Work on Water Mains Slated by City

Several major water main replacements are planned for the spring and summer by the City of Hamlin, declared Superintendent Bill Rountree this week.

Some 2,800 feet of six-inch cast iron water mains have been received recently by the city to be used on a stretch from the pump station, west on Southwest Fifth Street and north on Avenue D.

That will relieve a repair situation that has been bad for several years. The new pipe would replace some old four-inch mains installed nearly 40 years ago, Rountree said.

## GREAT STRIDES BEING MADE ON HEART DISEASE

Importance of people of Hamlin and Jones County participating in the Heart Fund drive, which gets underway Sunday, is emphasized by the great strides that are being made in the fight against heart diseases that affect our very own people—our friends and our loved ones.

The heart that beats inside your chest is a fist-sized, four-chambered pump which, in the course of a Biblical lifespan, beats almost 3,000,000,000 times.

Save for a brief between-beat rest, it keeps right on working—day after day, year after year.

Contrary to popular belief, the heart is not a delicate organ. It is tough and amazingly durable. From the standpoint of mechanical perfection, no pump created by the genius of atomic age science can surpass it.

Equally miraculous is the circulatory network through which it pumps your 11 pints of blood at the rate of 166 gallons per hour, delivering food and oxygen to the billions of cells which make up your body.

The extent to which this is true is mirrored by some grim statistics: Diseases of the heart and circulation, now responsible for about 54

per cent of all deaths, affect more than 10,000,000 Americans, among them 500,000 children of school age.

Pessimism and despair are now being replaced by hope and assurance that medical research, in the not-too-distant future, will provide the knowledge needed to control most diseases of the heart and circulation.

Brilliant victories already have been scored in the diagnosis and treatment of heart and circulatory diseases. There is today a general awareness that some forms of heart disease can now be prevented, a few can be cured, and that almost all cases can be helped by proper treatment—especially after early diagnosis.

Furthermore, public confidence is increased because there now exists the machinery for a concerted and planned all-out assault upon the heart diseases—a nation-wide program of research, education and community service, spearheaded by the American Heart Association and its affiliates and chapters.

The door is wide open for every man, woman and child to have a part in the fight against heart disease. This opportunity is opened to you through your support of the 1958 Heart Fund.

## Boy Scouts Have Birthday

Boy Scouts of America last week observed their forty-eighth anniversary during Boy Scout week by launching a year-long nationwide good turn. The safety good turn, undertaken at the suggestion of President Dwight D. Eisenhower, will find 4,700,000 boys and leaders engaged in promoting traffic safety, outdoor safety and home safety.

We are accustomed to great achievements from our Boy Scouts. Their outstanding work in the 1952 and 1956 get-out-the-vote campaigns, their conservation good turn in 1945, their collection of nearly 2,000,000 items of clothing, footstuffs and supplies for the needy in 1934, and other activities in behalf of their fellow Americans have given us approximately 20,000,000 past and present Boy Scouts who have learned the real meaning of service.

Calling the safety good turn "an opportunity for service to your country in the highest tradition of the Boy Scouts of America," President Eisenhower said, "We must seek new ways to save the basic resources of our nation: its people."

He told the Boy Scouts that he was encouraged by the splendid results of their conservation good turn. "I now urge you," he wrote, "to adopt safety as your service project for 1958. Through the concerted action of your members, and in cooperation with other organizations, you can alert the public to the urgent need for reducing the tragic toll of accidents."

We congratulate the Boy Scouts on past achievements and wish them well as they undertake this great public service to the community, state and nation.

## Nuggets of Thought

Experience is not what happens to a man; it is what a man does with what happens to him.—Aldous Huxley.

The grandest of heroic deeds are those which are performed within four walls and in domestic privacy.—Richter.

The reformer must be a hero at all points, and he must have conquered himself before he can conquer others.—Mary Baker Eddy.

A man who can be a hero to his wife's relations may face the rest of the world fearlessly.—Meredith Nicholson.

Self-trust is the essence of heroism.—Emerson.

Nurture your mind with great thoughts. To believe in the heroic makes heroes.—Benjamin Disraeli.

## What Togetherness Means

"Togetherness" is but a new and revitalized name for a primal human need. To live richly and fully—perhaps to live at all—man must be able to live with at least some others. To satisfy this deep hunger, he has devised friends, family, tribe, club . . . and touched them with love, the better to hold them together. Where these are lost, with nothing to replace them, man is lost.

Schopenhauer likened human beings to hedgehogs who were drawn close to each other for warmth but were pushed away by their quills. The United Nations is a bold and noble dream of nations de-quilled, of a republic of compassion, of men and women who will not let love perish from this earth—who will, in the words of the charter of the United Nations, "practice tolerance and live together in peace."

"Togetherness" is a precept of the National Brotherhood Week, February 16 to 23, sponsored by the National Conference of Christians and Jews.

## Editorial of the Week

JUST HOW VOLUNTARY?

In a recent appearance before the House ways and means committee Treasury Secretary Robert Anderson brought out an old chestnut highly prized in his department.

He was supporting a bill to close loopholes in the tax laws. He thought it "particularly important that we maintain respect for our voluntary tax system which should continue to be a source of national pride."

Of course, tax dodging is not the practiced art in this country that it has become in certain other countries such as France. Nevertheless it imposes somewhat on credulity to suggest that any tax system is wholly "voluntary." People pay taxes mostly because they have to.

How much revenue would the government collect from the income tax if it passed the hat for voluntary contributions instead of grabbing its money through the withholding levy? Under wage withholding's complete effective shearing the sheep have little opportunity to demonstrate any spirit of voluntary submission.—Oklahoma City Daily Oklahoman.

To pay off the national debt in one year would take almost the entire income of everyone in the nation. The per capita debt stands at \$1,613.38 while the nation's per capita income is only \$1,935.—Pharr Press.

## RECALLING

### Other Years

★ Being news items taken from old files of Your Home - Town Newspaper The Herald.

#### THIRTY YEARS AGO.

Reflecting on events of the past in the Hamlin community, we reproduce the following news items taken from the issue of The Hamlin Herald dated February 17, 1928:

Members of the First Baptist Church have voted to build a new \$35,000. The new building, which will face Public Park, two blocks west of Central Avenue, will be 65x140 feet, and will be heated by gas.

Production of the Stephens Ranch oil well, 10 miles west of Hamlin, which has created quite a stir in area oil circles, has been increased to 300 barrels per day. Many new wells are being put down in the territory.

Mr. and Mrs. D. D. Crow were called at Big Spring Monday by the death of Mrs. Crow's father, Sam Prather. Old-timers will remember Mr. Prather, who lived on a farm east of Hamlin.

Mrs. Burns Eakin and little daughter, Mary Emily, went to Dallas last Friday to be with her father, E. T. McGee, who has been ill for some weeks.

#### TWENTY YEARS AGO.

Events of 20 years ago in the Hamlin community were chronicled in the following news briefs, reprinted from the issue of The Hamlin Herald dated February 18, 1938:

Total of 677 soil conservation checks, representing 505 contracts and totaling \$85,856.19, have been received by Jones County farmers from the state office of the conservation committee.

N. R. Packwood left Thursday for Tylertown, Mississippi, to visit a brother and sister. He has been in failing health for several weeks. Harold Barrett and John Pace of Hobbs, New Mexico, spent the week-end as guests of Ernest and John Jenkins.

Mrs. R. E. Johnson entertained the Bluebird Bridge Club in her home Tuesday afternoon with three tables of contract play. Those present were Mmes. Elmer Feagan, Arice Jones, Art Carmichael, John Ed Day, M. T. Woodward, Bob Low, Joe Culbertson, A. D. Ensey, L. H. McBride, Ted Bledsoe, F. D. Wells, and Paul A. Fowler.

Mr. and Mrs. O. L. Jenkins spent Sunday with their daughter, Mrs. Earl Kiser, and family at Sylvester. Mr. and Mrs. Etzel McCoy and baby accompanied them.

#### TEN YEARS AGO.

Among go-go-on in the Hamlin community 10 years ago included the following, taken from the issue of The Hamlin Herald dated February 19, 1948:

Club boys and girls from all over Jones County will be in Hamlin Saturday for the annual Club Boys Livestock Show.

Starr Inzer, Hamlin rancher and wheat farmer, was elected president of the Hamlin Chamber of Commerce when members of the board of directors met Monday in business session.

James Parker, a middle-aged Hamlin negro, was burned to death Wednesday morning about 10:00 o'clock while he slept in the home of Rosie Martin. The house was completely destroyed.

Mayor Holly Toler and three aldermen, L. H. McBride, B. M. Brundage and G. R. Bennett, have filed their names for reelection to their respective offices in the city election set for April 6.

Total of \$1,733.40 was raised in the Jones County March of Dimes just concluded. Hamlin community raised \$452.68.

#### FIVE YEARS AGO.

Included in the news columns of five years ago in the Hamlin territory were the following news briefs, taken from the issue of The Hamlin Herald dated February 20, 1953:

Only 2,598 poll taxes were issued by Jones County Tax Assessor-Collector Elzy Bennett, he reports from his Anson office following the closing date January 31.

Hamlin area's biggest oil producer was brought in Wednesday at noon on the Tom Holman place, two miles northwest of Hamlin. The well flowed 1,400 barrels of oil in initial tests, it is reported.

More than \$1,000 has been posted by the Chambers of Commerce of Stamford, Hamlin and Anson for winners in the annual Club Boys' Livestock Show, scheduled next week-end at Stamford.

Mrs. Elvin Hill, wife of the high school football line coach, has been named secretary of the Hamlin Chamber of Commerce.

#### WAITING FOR HINT.

She—"We've been waiting here for a long time for that mother of mine."

He—"Hours, I should say."

She—"Oh, George, this is so sudden."

# OPENING SATURDAY

HAMLIN'S SPANKING NEW

## MAYTAG COIN - OPERATED Day and Night Automatic Laundry

Workmen are this week putting the finishing touches on the modern new building across the street east of Piggly Wiggly that will house the new Coin-Operated Automatic Laundry for Hamlin, and equipment was being installed middle of the week. The new business will be ready for operation Saturday morning.

We cordially invite the people of the territory to experience a new convenience in laundering their clothes at one of Central West Texas' finest automatic laundries. You will be quick to appreciate the fine facilities that will help you take care of this often drudgery task so easily and economically.

Located away from heavy traffic, the new Coin-Operated Automatic Laundry is readily accessible from any direction in the city. There is plenty of parking space right alongside the building. ## Hamlin Future Farmers of America to Observe National FFA Week Locally

Future Farmers of America members throughout the nation are scheduling special activities to focus public attention on the work of their organization during the week of February 22-March 1, which is National FFA Week.

Locally, members of the Hamlin FFA chapter plan to observe the week by placing displays at the banks, news stories in The Hamlin Herald, and by cooperating with other chapters in this district to present radio programs each day at 12:00 o'clock noon over Station KDWT Stamford. Hamlin's FFAers will present a program Wednesday concerning the supervised farming phase of the organization.

Membership in the FFA is made up of farm boys who are students of vocational agriculture in high school. The organization's activities are designed primarily to develop leadership, cooperation and citizenship, and to stimulate the boys to better achievement in their study and work toward successful establishment in farming.

Hamlin FFA chapter has 92 members. Officers are: Gene Murff, president; Jerry Crowley, vice president; Boyce Blankinship, secretary; Sam Hodges, reporter; Bob Martin, sentinel; and Gerald Renfro, treasurer.

T. C. Blankinship and Harold Endes, vocational agriculture instructors in Hamlin High School, serve as advisors of the FFA chapter.

The national Future Farmers of America organization has 380,000 members with 99,000 local chapters in 48 states, Hawaii and Puerto Rico. Membership in Texas totals 39,000.

Future Farmers choose the week of George Washington's birthday each year for the observance of National FFA Week. Although usually recognized as a Revolutionary War general and our first president, Washington's first love was the farm he called Mount Vernon. There, he was one of the first in the nation to practice contour planting, crop rotations, fertilization and other soil conservation and improvement methods. It was more than a century after Washington's death before general use was made of many of the sound agricultural practices that he advocated.

## Bill Calhoun, Former Resident, Tells Lions Club About Life in Venezuela

Contrasts of the ancient and the modern were given when Bill Calhoun, resident of Venezuela for several years, spoke at the Tuesday noon luncheon of the Hamlin Lions Club at the oil mill guest house. Modern cities but backward living standards and methods were described by the speaker.

Calhoun, who built the original plant of the Texas Plaster & Cement Company at Hamlin (now owned by the Celotex Corporation) recently constructed a similar plant in Venezuela and has been training personnel to operate the plant. He at present is on leave from his duties there. He was a charter member of the Hamlin Lions Club in 1932.

Living expenses are high in the South American republic, he said, which recently has named a president to replace Ramirez, who has ruled the country as a dictator for several years. Influence of young people who came to America to schools and absorbed democratic principles was responsible for the revolution and junta that recently took over the government, Calhoun asserted. A loaf of white bread, for example, costs 82 cents in Venezuela, coming from the United States. Bacon comes from Norway, butter from Australia and other foods from around the world.

Average rainfall in Venezuela is 63 inches and average temperature is 80 degrees, which seldom varies more than 10 degrees. The average common laborer earns about \$3 per day, but living costs are three to four times what they are in America.

A nominating committee to suggest a roster of officers for the new Lions Club year was named

by President Willard Jones to include W. T. Johnson, Edgar Duncan and Bill Seals.

Joe Culbertson made announcement about the forthcoming Heart Fund drive to be conducted Sunday in Hamlin. Rev. Bill Hanna, pastor of the Church of Nazarene, plugged plans for the Hamlin-for-Christ Day in Hamlin next Sunday.

Besides Calhoun and Hanna, other guests at the Lions Luncheon included Rev. Ed Robb, Elmer Feagan, Mac Brundage, Elva Siburt and Danny Sue Sims.

God gives you His spiritual ideas, and in turn they give you daily supplies.—Mary Baker Eddy.

## Social Security Is Topic Discussed at Rotary Luncheon

Ralph Fisher, manager of the Abilene district office of the Social Security Administration, provided the program last Wednesday at the regular luncheon meeting of Hamlin Rotary Club at the oil mill guest house. He presented facts and figures of the social security program.

Fisher discussed, "What Does Old Age Security Insurance Mean to the Community As a Whole?" and "What Does It Mean to the Individual?"

The social security program, he said, was started in 1937, and has been expanded until now nine out of every 10 people employed in the United States are covered by the program. The plan, he declared, relieves many local agencies of the burdens of welfare formerly carried.

In Jones County, Fisher pointed out, 885 persons are receiving \$37,500 per month or \$450,000 per year from the Social Security Administration. Of this number 457 are retired workers, 160 are wives of retired workers, 170 are chil-

## Junior High Cagers Play Rotan Tonight

Hamlin Junior High School basketball teams play the Rotan teams tonight (Thursday) in the Hamlin High School gymnasium.

Seventh grade boys will open the play at 6:00 o'clock. Eighth grade girls will have their encounter at 7:00. And the eighth grade boys of the two schools will tangle at 8:00 o'clock, it is announced.

down until 17, 61 are widows and 30 are mothers of workers.

Rev. R. B. Tiner, pastor of the Sunset Baptist Church, made an announcement concerning plans for the "Hamlin-for-Christ" Day Sunday, February 23, when effort is being made to have everybody in the community in church.

Besides Fisher and Tiner, other guests at the Wednesday luncheon included Lanier Foster Jr., Junior Rotarian for the month.

A committee to nominate new officers for the Rotary Club was named by President Gene Prewitt to include Mac Brundage, Elmer Feagan, Tate May and Weldon Johnson.

## Vermelle Johnson and Don J. Allen Repeat Wedding Vows in Quiet Rites

Wedding vows were repeated Saturday evening, February 8, at 6:00 o'clock in the home of Rev. Charles Kueck Jr., pastor of the Graham Street Baptist Church in Abilene, by Vermelle Johnson and Don J. Allen. Rev. Kueck was the officiating minister. Double ring rituals were used.

The bride is the daughter of Mr. and Mrs. Earl Johnson of Hamlin, and young Allen is the son of Mr. and Mrs. Frank Allen of McCauley.

Matron-of-honor was Grovena Willis of Abilene, and best man was Franklin Willis of Abilene.

The bride was dressed in a navy blue two-piece suit with a red tie, and she carried a corsage of white carnations.

The bride is a graduate of Hamlin High School. Allen is a graduate of McCauley High School and is now a student in Hardin-Simmons University at Abilene.

Following a short wedding trip, the newlyweds are at home at 1326 Vogel Avenue in Abilene.

**LIVING IN ABILENE** following her recent marriage to Don J. Allen of McCauley is the former Vermelle Johnson (above), daughter of Mr. and Mrs. Earl Johnson of Hamlin. They were married in Abilene, where the bridegroom is a student in Hardin-Simmons University.

## Baptist Women Meet For Mission Program With Mrs. Duncan

Members of the Woman's Missionary Society of the First Baptist Church met at the church Monday afternoon for a missionary program with Mrs. Edgar Duncan leading.

A program on "Doorposts and Gates" was presented. The program was a discussion of history, literature, religion and missionary work for the Jews.

Pictures and explanations of familiar Hebrew symbols were displayed.

Others taking part on the program in addition to the leader were Mrs. LaFoy Patterson, Mrs. Tate May, Mrs. C. R. Lovell, Mrs. J. C. Simpson, Mrs. Neil Laminack and Mrs. I. D. Miller.

A large number of women attended this meeting.

## DO IT ON THE Q. T.

A would-be soap box orator who had reached the argumentative stage sat down next to a clergyman on a bus. Wishing to get into an argument, he turned and said, "I'm not going to heaven because there is no heaven."

His words, however, got no response.

"I said I'm not going to heaven because there is no heaven," he said again, almost shouting as he came to the end of his sentence.

"Well, then," replied the clergyman calmly, "go to hell, but be quiet about it."

## Plentiful Foods List For March Headed By Prunes and Eggs

Dried prunes are given top billing on the U. S. Department of Agriculture's March plentiful food list for this area.

A larger than average crop, plus a liberal carry-over from last year, assure an abundance of this fruit. Prunes are a perfect food for March "Good Breakfast Month," coupled with cereals or served alone. Other fruits on the list are apples and canned pears.

Eggs return to USDA's plentiful foods list for the first time since last July, as production is expected to reach a seasonal high in March. Also March is National Egg Month.

Dairy products are also in plentiful supply. Milk production is increasing seasonally and the 1958 outlook is for record supplies. January 1 stocks of American Cheddar cheese were estimated at 572,000 pounds and stocks of butter were above a year ago.

Pork continues to take the spotlight at meat counters as supplies will probably be at their seasonal peak during March. Frozen whitening is plentiful, too. January 1 stocks totaled 18,000,000 pounds—8,000,000 above a year earlier.

Canned and frozen corn and pinto beans are the only vegetables listed as plentiful for March. Production of pinto beans was estimated to be 1,455,000 hundred-weight larger than the year before. Stocks of frozen corn are at a record high.

Peas and peanut products complete the plentiful list compiled from a survey of major food suppliers in this area.

## TELEPHONE TALK

## AT YOUR SERVICE

Some friends of mine are high in their praise of the telephone for its dependability in practically any kind of weather, day and night. They're happy with their telephone service and we're glad they are. But we're not content to rest on our laurels.

To improve their and your service, new ideas to improve telephone equipment are constantly tested by telephone scientists. New methods are continually put to work to help your calls go through easier and faster. Behind the scenes, experienced telephone employees work "around the clock" to give you the best in telephone service.

These three reasons—new ideas, new methods and experience—are why telephone service never stops improving, yet remains easy on the family budget.

## OUT OF THE PAST

I was thumbing through some old magazines the other day and found some household hints that had been published during the war years. One column suggested using an egg-timer to limit your Long Distance calls to three minutes.

I started wondering if anyone is still using an egg-timer out of a force of habit. I hope not, because you certainly don't need to.

Today there are plenty of Long Distance lines. You can talk as long as you like and as often as you like. In fact, it's wiser to take your time on Long Distance calls and say everything you want to say. One six-minute call always costs less than two three-minute calls. The longer you talk, the less it costs on a per-minute basis. And, you save an additional one-third when you call station-to-station.

Call by number. It's twice as fast.

## U. S. Senator Johnson Says Projects to Avoid Depression Being Scheduled

Unemployment in the nation will reach a total of 5,000,000 workers next month, according to a prediction by Secretary of Commerce Sinclair Weeks, declares U. S. Senator Lyndon B. Johnson in his weekly news letter to The Herald. He continues:

Farm income last year was less than it was in 1956.

A public works program will be thrown into high gear by the administration, says Senate Republican Leader Knowland, if business conditions continue to worsen.

But a letter from the office of the chief of army engineers tells me that the director of the budget has ordered that expenditures for flood control, water conservation and navigation projects be held down to "the practicable minimum" this year.

These are straws in the economic wind that are being watched carefully by Congress. As I have said before, we are not in a depression. But conditions are not as good as they might be. We

should not neglect to take advantage of every sound opportunity to improve them.

Water projects are greatly needed, as we know in Texas. In my considered opinion, they have economic justification at any time. And at a time when unemployment is increasing at a rapid rate, serious questions arise as to the wisdom of a policy of refusing to provide adequate funds to keep the project moving forward. This is the wrong time for a slowdown.

These projects provide jobs at the same time that they lead to conservation of our resources and to production of additional wealth.

Housing legislation offers a positive means of encouraging an upturn in business activity. It is the responsibility of Congress to take the initiative and propose appropriate measures in this field. An adequate supply of mortgage funds at reasonable interest rates needs to be provided.

The VA home loan guaranty program and the VA direct home loan program, which expire this year, should be extended.

The urban renewal program should be strengthened and might well be expanded. Other affirmative actions to overcome the lag in our economy must be given careful consideration. It should be possible to speed up the road building program. Small business must have realistic and adequate assistance in obtaining needed credit. Farm policies should be designed to help farmers, not eliminate them. The government's monetary policy must be flexible enough to meet rapidly changing conditions.

We do not need to be alarmed about business conditions. We do need to be realistic and we do need to be watchful. Drifting could be dangerous. It is a danger that can be avoided and must be avoided.

Perhaps the reward of the spirit who tries is not the goal but the exercise.—E. V. Cooke.

### Superintendent Cook Gets 3-Year Contract

In a business session last week, members of the board of trustees of the Hamlin Independent School District voted to give Superintendent of Schools C. F. Cook a new three-year contract. Superintendent Cook is now completing his third year in the Hamlin school system. He came here from Spur.

### FRIENDLY ENEMY.

President Lincoln was once taken to task for his attitudes toward his enemies.

"Why do you try to make friends of them? You know they will only be traitors. You should try to destroy them."

"Am I not destroying my enemies," Lincoln gently replied, "when I make them my friends? And a friend is never a traitor."

I say frankly that above all I would rear children who have zest for life, who will see the world as interesting, dramatic and good.—Leslie Hohman.

### USING GOOD SYSTEM.

A tourist in a southern state overtook a young man running rapidly along the road. He stopped and invited the perspiring runner to get in.

"An emergency, I suppose?" the driver asked.

"No," puffed the young man. "I always run like that when I want a ride. It seldom fails."

### BAD EITHER WAY.

Sidelights

TEXAS PRESS ASSOCIATION

Austin. Money is making the biggest news in Austin at the moment.

Discussion swirls around such topics as campaign funds, unemployment, recession, taxation, receiverships and credit insurance rates—all pocket prodding issues.

Governor Price Daniel publicly deplored the money-raising efforts of Texas' Republican National Committeeman H. J. (Jack) Porter. Porter staged a \$100-a-plate dinner in Houston to raise money for Republican congressional campaigns. His widely publicized letter asking contributions pointed out the need to gain support for the natural gas bill now before Congress.

A hard fought issue for many years, the bill is generally favored in Texas and other gas-producing states, but bitterly opposed in gas-consuming Eastern and Northern cities. Opponents were quick to label Porter's approach as "mass bribery" and "selling legislation for campaign contributions." Proponents of the bill groaned. They contended that Porter had heaved a huge monkey wrench into plans for passage this session.

Governor Daniel said the incident "should convince all Texans that the Republican leadership in this state has nothing to offer but embarrassment, discord and division."

**Why No Jobs.**—Viewing the soaring unemployment figures, Governor Daniel took more jabs at the GOP.

Loss of jobs reportedly increased more in the past month than at any time since World War II.

As far as Texas is concerned, said the governor, much of the blame can be laid to the Republican administration's ineffectiveness in controlling oil imports. Competition of foreign oil, he asserted, has caused Texas production to slip steadily, bringing loss of jobs and revenue to the state. National farm policies also were criticized by the governor.

Texas Employment Commission says its January unemployment compensation payments hit \$537,800, an increase of almost 70 percent from last September.

**More Taxes?**—Governor Daniel has slightly and very cautiously amended his determinedly cheerful stand about possible need for new state taxes.

He still doesn't agree with Comptroller Robert S. Calbert's chilly predictions. These are for a \$12,000,000 deficit by the end of this biennium (in 1959) and need for the next Legislature to scratch up \$100,000,000 in new revenue.

Governor Daniel said he felt the state would just about break

even by 1959. But he conceded that needs of a growing state might call for more money by then. He still favors a gas gathering tax, which he proposed last year, but emphasized he is not recommending that or any other new tax for the time being.

**Let's Face It.**—It's a recession, all right, but a minor one.

This is the answer Dr. John R. Stockton, one of the state's top

business analysis, is giving many groups these days. Dr. Stockton is director of the University of Texas Bureau of Business Research.

Ebbing of prosperity and fear of another depression have put the spotlight on BBR's studies. Dr. Stockton minces no words about there being a recession, but contends that the cures for this one are in plain sight. He cites increased federal spending and easier credit regulations.

A "minor" recession, says the BBR director, usually lasts about six to eight months.

**Rate Order Delayed.**—State Board of Insurance is re-studying an order that would cut in half the rate for insurance on people who get small loans.

Order brought a storm of protest from credit insurers who said the regulation would put them out

of business. After a hearing, the board postponed effective date of the order from March 1 to April 1.

Attorney General Will Wilson has said he would head a drive to crack down on "loan sharks" if the insurance board would tighten up credit insurance regulations.

**US Trust Payment Foreseen.**—Partial repayment to investors in the bankrupt US Trust & Guaranty Company may be possible within a couple of months. Texas Supreme Court rules that all creditors must share alike in the distribution. Payment has been held up by a suit in which holders of "trust certificates" sought preference.

Depositors can make one last move by asking the court for a re-hearing. But unless the court completely reverses its view, this will be denied, making it possible for the state liquidator to begin

paying out some \$1,000,000 in recovered funds.

**Anti-Gift Law Toppled.**—The attorney general has declared invalid a section of a new law prohibiting insurance company officials from making gifts to State Insurance Department employees.

His reason: The bill's caption title did not mention the subj

Texas' constitution requires that a bill's caption must state specifically what is in the bill. In this case, the caption did mention that insurance department employees could not accept gifts from industry people. But it did not say that industry people could not give them.

Each year a number of newly-passed laws are thrown out by

the attorney general or by courts as being improperly written. Governor Daniel has suggested a bill grafting division in the attorney

general's department to help legislators avoid such errors.

### FFA Group to Give Radio Program Next Wednesday at Noon

Seven members of the Hamlin High School chapter of Future Farmers of America will present a radio program over Station KDWT at 12:00 o'clock noon.

Boyce Blankinship, Jerry Crowley, Joe Deel, Linne Johnson, Bob Martin, Gerald Renfro and Teday Westmoreland will present a program concerning the supervised learning phase of the high school vocational agriculture program.

People of the Hamlin area are urged to listen to the 15-minute program to gain further understanding of the vocational agriculture program and the FFA organization, which is using the week of February 22-March 1 to emphasize National FFA Week. A program relating to a different phase of the FFA will be presented each day over KDWT at the same time, 12:00 o'clock noon, it is announced.

#### UNNECESSARY WORRY.

You needn't worry about avoiding temptation as you grow older—thats when it starts avoiding you.

**TOMMY SANDS** rocks and rolls his way to movie stardom in his film debut in "Sing, Boy, Sing," Twentieth Century-Fox cinemascopic musical also starring Lili Gentle, opening Sunday for three days at the Ferguson Theater. Produced and directed by Henry Ephron, the film deals with the rise of a young Southern-born man to become the singing idol of the nation's teen-agers. Edmond O'Brien and John McIntire are co-stars in the film, which features 12 new songs.

### Walt Disney Nature Story, "Perri," to Play Next Week at Ferguson Theater

"Perri," most novel wild animal drama ever brought to the screen, is the first of Walt Disney's technicolor nature productions requiring specific casting to match story points and characters.

The principal roles, the starring parts, weren't too difficult. They were set as famous fictional personages in the Felix Salten book, "Perri," from which Disney made his real life adaptation, his first true-life fantasy. It will show Sunday, Monday and Tuesday at the Ferguson Theater.

They were a handsome pair of Western pine squirrels, Perri, the bewitching little female belle to the treetops, and Porro, her devoted companion in the strangest romance ever filmed.

The half dozen leading wildlife photographers merely had to scout the remote wilds of Northern Utah to locate the living counterparts. Nature offered many candidates. Finally, after weeks of study, the lucky pair was selected. From then on, for two full seasons, every act and detail of their life

and loves in the forest primeval was recorded by the color cameras.

Perri, the fascinating little star, found without benefit of casting director or studio test, gives an amazing natural performance of her own valid life story in scenes of poetic grace and primitive passions, in courtship and in the face of violent dangers. Porro, too, ably earns his co-star rating as the valiant friend and promised mate.

Most difficult to cast was the dark villain of the piece, the ravenous marten, and his equally vicious cousin, the weasel.

The marten's expected part in the drama was well defined but his hunting areas and stratagems were not easily exposed, even by long range telephoto lenses. Once found, however, his deadly attacks created one of the most exciting chases ever seen on film, with swift life just ahead of swift death.

For the many other supporting parts unwittingly enacted by wildcat, fox, raccoon, snowshoe rabbit, deer, skunk, flying squirrel, porcupine, raven, magpie, predatory owl and savage hawk—well, the photographers just had to be constantly vigilant and catch the performers as nature put them on her vast forest stage and goaded them to their natural behavior.

True courage is like a kite; a contrary wind raises it higher.—J. Pettit-Senn.

### Junior High Cagers Win Two, Lose One With Anson Teams

Seventh grade basketball boys of Hamlin Junior High School defeated the Anson crew 28 to 18 in a game that was very close for three quarters. Anson led at the end of the first quarter 5 to 4. Hamlin led at the half 10 to 9, and at the end of the third period 18 to 17. Mike Martin provided the scoring punch for Hamlin by tallying 14 points.

Hamlin eighth grade girls lost a heart-breaker to the Anson girls by a score of 27 to 25. The win gave the Anson girls first place in the conference race. Anson led the entire game until Hamlin rallied in the fourth quarter to catch up at 23 to 23 and 25 to 25. Jeanette Jenkins led the Hamlin scoring with 11 points. Pat Green scored six points, and Priscilla Trotter looped four points.

Hamlin's eighth grade boys took a strangle hold on first place by pasting the Anson boys 34 to 19. Frankie Lee scored 16 points, and Stanley Austin 13 points. Hamlin led throughout the game. Half-time score found Hamlin on top 17 to 9. The third quarter score was 28 to 14 in favor of Hamlin. The win reversed a loss to Anson earlier in the race.

### Hamlin FFA Group Makes Early Plans for Father-Son Banquet

Members of the Hamlin Future Farmers of America chapter at Hamlin High School held their regular monthly meeting Monday evening in the vocational agriculture building.

Those attending discussed the many different judging contests coming up soon. These contests are composed of dairy, livestock, poultry and land judging.

President Gene Murff appointed a committee to advertise the forthcoming National FFA Week, February 22 through March 1. On this committee were named Gerald Renfro, Bob Martin and Sam Hodges.

Those present talked about the parent-son banquet, to be held the latter part of the school year. The group then saw a film on the Jones County Livestock Show held at Anson January 11. The meeting was then closed with the regular closing ceremony.

#### COTTON STOCKS DOWN.

Supply of cotton in the United States during the 1957-58 marketing year is estimated at about 23,000,000 bales—4,600,000 bales smaller than the record of last year and the smallest supply since 1953-54, says John McHaney, extension economist.

**GOOD CHICKS PAY.**  
A good quality chick is worth the extra cents it costs. Good layers cannot be developed from low quality chicks, says Ben Wormell, extension poultry husbandman. Developing good layers, he adds, also calls for the use of the best known management practices and these start even before the arrival of the baby chicks on the farm.

Eighty-three individual and business memberships have been recorded by the recently organized Hamlin Board of Community Development. It was announced at the first regular monthly meeting.

## Pied Piper Band To Give Concert Next Thursday

Hamlin High School's 60-piece Pied Piper Band will present a variety concert Thursday evening of next week, February 27, in the high school auditorium. Curtain will rise on the musical program at 7:30 o'clock.

Admission to the concert will be 25 cents for students and 50 cents for adults, it is announced. Proceeds will go into the band fund, which is used for purchasing extra equipment and other purposes.

Mac Fullerton is director of the band, and he has developed a fine technique among the band members. His group was recently rated among the top Class AA bands of Central West Texas when the musicians appeared in contests at Winters.

This year the band has obtained a wide variety of new music on which they have been practicing diligently, and many of these new numbers will be used in the concert program. This music ranges from strict classical to light, lively melodies to modern popular music. All of the Hamlin community is invited to the concert.

Another band presentation that is scheduled later in the year will be a stage band show.

## Junior Class Play, "Rest Assured," Set Friday Evening at School Auditorium

Annual play production by the junior class of Hamlin High School will be presented tomorrow (Friday) evening at 7:30 o'clock in the high school auditorium. "Rest Assured" is the title of the play. Those who attended dress rehearsals Monday evening say everyone may "rest assured" the play will be worth attending.

Cast of characters for the play include Jerry Carlton, Eddie Gabriel, Dudley Griggs, Don Hicks, Phillip Miller, John Richey, Don Shivers, Bryan Shelburne, Paula Andrews, Wyomne Conner, Jo Ann Hallum, Laretha Hill, Betty Maury, Judy Parker, Ginger Rabbjohn and Gloria Rodgers.

Stage hands for the production are Wesley Acklin, James Austin, Charles Bennett, Boyce Blakinship, Michael Brandon, Marion

## Hamlin People Go to Carlsbad for Funeral

Carter, Joe Deel, Marcus Fletcher, George Jenkins, Alvin Jordan, Sharon Cary, Elizabeth Daniel, Anna Fudge, Libby Johnson and Bobby Clark.

Ushers will be Lance Carmichael, Jerry Crowley, Ken Lawlis, Linnie Johnson, Bob Martin, Barbara Butler, Barbara Connolly, Louise Lakey, Melba Osborn, Judy Teichelman, Beverly Turner, Barbara Waldon, Glenda Williams and Charlie Green.

Ticket managers are Glenda Williams, Stephen Carmichael, Red Fowler and Pat Brascum. Publicity managers are Peggy Killion, Faye LaBaume, Gerry Rumfield, Roy Williams, Teddy Westmoreland and Roy Houghton.

Gene Murff will be announcer for the production. Billye Dominey is student director for the play. Directors and sponsors are Dora Mitchell and Harold Williams.

Between-act numbers will be given by a group of freshmen girls called "the Nauseating Nine."

Room mothers, Mrs. Joe Murff, Mrs. George Rabbjohn and Mrs. Loyce Fowler, will serve refreshments to all members of the junior class after the play in the high school cafeteria.

# Church Attendance Urged In Hamlin-for-Christ Drive

## Public Schools Week Program Is Scheduled in City

Public Schools Week will be observed in all Hamlin schools the first week in March. It is announced this week by Superintendent of Schools C. F. Cook. The observance will be from Monday, March 3, through Thursday evening, March 6.

Special observances will be conducted in the schools themselves during the week, with emphasis being given the theme that free schools for everybody are a tradition for American children—a fact that is not experienced in many of the nations of the world today.

A public program is scheduled for Thursday evening, March 6. All the schools of the city will have open house, when parents and others are invited to inspect the classrooms, work of the classes that will be on display, and other facilities in the school system.

After the open house there will be a program in the high school auditorium, beginning at 8:00 p. m. The Parent-Teacher Association of the Hamlin Schools will have charge of the program.

The Lions Club will meet as a body in their weekly luncheon Tuesday noon, March 4, in the high school cafeteria, taking their meal there and having the regular program following. The Rotary Club likewise will have its regular weekly meeting on Wednesday in the cafeteria. The clubs will convene at 12:10, it is announced.

## County-Wide Wiener Roast Set by 4-H Clubs

Members of Jones County 4-H Clubs will hold their first annual county-wide wiener roast and country party on Thursday, February 20, according to Bill Lehnberg and Mary Newberry, Jones County extension agents.

The event was planned by the 4-H Club committee of the Extension Council. Binger Haterius is chairman of the committee.

All 4-H Club boys and girls and their families from all over the county will assemble in the church picnic grounds in the Ericksdahl community at 6:30 p. m. After supper the group will sing songs, play games and hold relays.

The club with the largest attendance will receive a special prize, it is announced.

## M. O. Allen Serving With Antarctica Unit

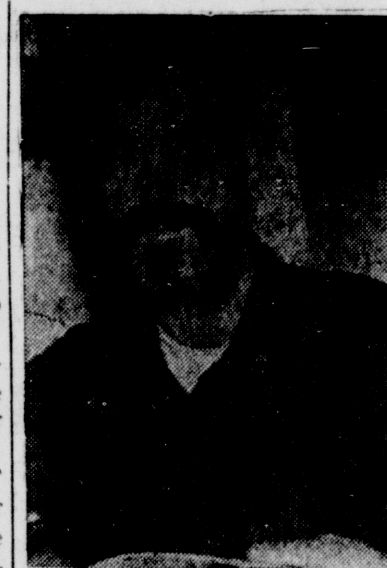

Navy Lieutenant Commander M. O. Allen, son of Mr. and Mrs. Fred Allen of Hamlin, is serving at the Naval Air Facility at McMurdo Sound, Antarctica, according to a news release from that south-of-the-world frigid area to The Herald.

He is a member of Naval Support Unit 3, "wintering over" force and will spend the long winter night at McMurdo.

Members of the "wintering over" force will aid scientists in their research and maintain the air base so that it will be ready for operations when the sun rises again in October.

## House-to-House Canvass Slated in Hamlin Sunday

Quick campaign to raise money for the Heart Fund in the Hamlin community has been set for Sunday afternoon, according to Wesley Nail, community finance chairman, and Joe C. Culbertson, fund chairman for Jones County.

Door-to-door canvass will be conducted by special teams Sunday between 2:00 and 4:00 p. m., the drive leaders declare, when the cooperation of the citizens of the city is urged.

Any who may be missed in the special two-hour drive, or who may not plan to be at home during these hours, are urged to take their contributions to Nail, Culbertson or Buna Rountree, county treasurer, at the Farmers & Merchants National Bank.

No set goal has been set for the community in the Heart Fund drive, said Nail. Sixty per cent of the amount raised will remain in the county for purposes of education and handling special cases, Culbertson declared.

General county chairman of Heart Fund organization is Austin Siburt of Hamlin. Leaders in the movement point to great strides that are being made in research and treatment of heart diseases, which account for the greatest percentage of deaths of any cause today. Because of these advances and need for further work in the field the need for funds is made more urgent, leaders declare.

## Major Work on Water Mains Slated by City

Several major water main replacements are planned for the spring and summer by the City of Hamlin, declared Superintendent Bill Rountree this week.

Some 2,800 feet of six-inch cast iron water mains have been received recently by the city to be used on a stretch from the pump station, west on Southwest Fifth Street and north on Avenue D that will relieve a repair situation that has been bad for several years. The new pipe would replace some old four-inch mains installed nearly 40 years ago, Rountree said.

## Everybody in the Church of Choice Goal for Sunday

"Everybody in the church of his choice Sunday" is the slogan of a special Hamlin-for-Christ campaign scheduled for the entire community Sunday, sponsored by the Hamlin Ministerial Alliance. Rev. Bill Hanna, pastor of the First Church of the Nazarene, is president of the sponsoring organization.

All churches of the community of every denomination have been urged to participate in the drive to emphasize the importance that church attendance plays in the lives of people.

"Not just to stress attendance on this one day, but to impress on attendants at the services Sunday the habit of regular church attendance, the campaign is designed to eventually increase the attendance in all churches of the area," Rev. Hanna explains.

Special advertising campaigns for the Hamlin-for-Christ Day are being conducted this week to contact every resident of the community. Radio, telephone, newspaper and circulars are being utilized to publicize the campaign.

Special ribbons plugging the day will be distributed Saturday. Several of the city's churches are scheduling week-end services Friday and Saturday in preparation for Sunday's all-out church attendance.

## Trustee Candidates Names Must Be Filed By March 6 for Ballot

Trustee election for naming two members of the board of trustees was set for Saturday, April 5, when the board of education of the Hamlin Independent School District met in a called session last Thursday.

Voting will be done in the high school building. Harold Williams was appointed presiding judge and Mrs. Brad Rowland and Mrs. C. C. Prater as clerks.

Term of office of Fred B. Moore Jr. and Noel (Duck) Weaver expires.

Anyone who wishes to run for trustee must do the following: All requests by candidates to have their names placed upon the ballot for the Hamlin school trustees election shall be in writing and filed with Richard Young Jr. at Hamlin, Texas, not later than March 6, 1958, at 7:00 p. m.

## Who's New This Week

Six new arrivals were recorded at the Hamlin Memorial Hospital since last week's report in The Herald. The new citizens included twins (a boy and a girl) and one other boy and three other girls. They are:

A boy for Mr. and Mrs. James Milton Dabney of Aspermont, who arrived February 8. Weighing eight pounds three ounces, he will be known as Leslie Lee.

A girl for Mr. and Mrs. Jimmy Allen Vaughan of Hamlin arrived February 9. Light weight of the new-born at five pounds 12 ounces he accepted the name Terry Lynn.

A girl was born to Mr. and Mrs. Maxwell Rogers Murrell on Valentine Day, February 14. Name assigned her is Kathryn Leigh. She tipped the scales at seven pounds two ounces.

A girl for Mr. and Mrs. Ernest Garland Upshaw of Hamlin discovered America February 17. She balanced the scales at six pounds eight ounces and will answer to Peggy Denise.

Twins were born February 19 to Mr. and Mrs. Fred Barry Moore Jr. The girl, who weighed six pounds five ounces, has been named Ann Patrice. The boy, who weighed six pounds four ounces, will answer to David Christopher.

## GREAT STRIDES BEING MADE ON HEART DISEASE

Importance of people of Hamlin and Jones County participating in the Heart Fund drive, which gets underway Sunday, is emphasized by the great strides that are being made in the fight against heart diseases that affect our very own people—our friends and our loved ones.

The heart that beats inside your chest is a fist-sized, four-chambered pump which, in the course of a Biblical lifespan, beats almost 3,000,000,000 times.

Save for a brief between-beat rest, it keeps right on working—day after day, year after year.

Contrary to popular belief, the heart is not a delicate organ. It is tough and amazingly durable. From the standpoint of mechanical perfection, no pump created by the genius of atomic age science can surpass it.

Equally miraculous is the circulatory network through which it pumps your 11 pints of blood at the rate of 166 gallons per hour, delivering food and oxygen to the billions of cells which make up your body.

The extent to which this is true is mirrored by some grim statistics. Diseases of the heart and circulation, now responsible for about 54

per cent of all deaths, affect more than 10,000,000 Americans, among them 500,000 children of school age.

Pessimism and despair are now being replaced by hope and assurance that medical research, in the not-too-distant future, will provide the knowledge needed to control most diseases of the heart and circulation.

Brilliant victories already have been scored in the diagnosis and treatment of heart and circulatory diseases. There is today a general awareness that some forms of heart disease can now be prevented, a few can be cured, and that almost all cases can be helped by proper treatment—especially after early diagnosis.

Furthermore, public confidence is increased because there now exists the machinery for a concerted and planned all-out assault upon the heart diseases—a nation-wide program of research, education and community service, spearheaded by the American Heart Association and its affiliates and chapters.

The door is wide open for every man, woman and child to have a part in the fight against heart disease. This opportunity is opened to you through your support of the 1958 Heart Fund.

## Boy Scouts Have Birthday

Boy Scouts of America last week observed their forty-eighth anniversary during Boy Scout week by launching a year-long nationwide good turn. The safety good turn, undertaken at the suggestion of President Dwight D. Eisenhower, will find 4,700,000 boys and leaders engaged in promoting traffic safety, outdoor safety and home safety.

We are accustomed to great achievements from our Boy Scouts. Their outstanding work in the 1952 and 1956 get-out-the-vote campaigns, their conservation good turn in 1945, their collection of nearly 2,000,000 items of clothing, footstuffs and supplies for the needy in 1934, and other activities in behalf of their fellow Americans have given us approximately 20,000,000 past and present Boy Scouts who have learned the real meaning of service.

Calling the safety good turn "an opportunity for service to your country in the highest tradition of the Boy Scouts of America," President Eisenhower said, "We must seek new ways to save the basic resources of our nation: its people."

He told the Boy Scouts that he was encouraged by the splendid results of their conservation good turn. "I now urge you," he wrote, "to adopt safety as your service project for 1958. Through the concerted action of your members, and in cooperation with other organizations, you can alert the public to the urgent need for reducing the tragic toll of accidents."

We congratulate the Boy Scouts on past achievements and wish them well as they undertake this great public service to the community, state and nation.

## Nuggets of Thought

Experience is not what happens to a man; it is what a man does with what happens to him.—Aldous Huxley.

The grandest of heroic deeds are those which are performed within four walls and in domestic privacy.—Richter.

The reformer must be a hero at all points, and he must have conquered himself before he can conquer others.—Mary Baker Eddy.

A man who can be a hero to his wife's relations may face the rest of the world fearlessly.—Meredith Nicholson.

Self-trust is the essence of heroism.—Emerson.

Nurture your mind with great thoughts. To believe in the heroic makes heroes.—Benjamin Disraeli.

## What Togetherness Means

"Togetherness" is but a new and revitalized name for a primal human need. To live richly and fully—perhaps to live at all—man must be able to live with at least some others. To satisfy this deep hunger, he has devised friends, family, tribe, club . . . and touched them with love, the better to hold them together. Where these are lost, with nothing to replace them, man is lost.

Schopenhauer likened human beings to hedgehogs who were drawn close to each other for warmth but were pushed away by their quills. The United Nations is a bold and noble dream of nations de-quilled, of a republic of compassion, of men and women who will not let love perish from this earth—who will, in the words of the charter of the United Nations, "practice tolerance and live together in peace."

"Togetherness" is a precept of the National Brotherhood Week, February 16 to 23, sponsored by the National Conference of Christians and Jews.

## Editorial of the Week

### JUST HOW VOLUNTARY?

In a recent appearance before the House ways and means committee Treasury Secretary Robert Anderson brought out an old chestnut highly prized in his department.

He was supporting a bill to close loopholes in the tax laws. He thought it "particularly important that we maintain respect for our voluntary tax system which should continue to be a source of national pride."

Of course, tax dodging is not the practiced art in this country that it has become in certain other countries such as France. Nevertheless it imposes somewhat on credulity to suggest that any tax system is wholly "voluntary." People pay taxes mostly because they have to.

How much revenue would the government collect from the income tax if it passed the hat for voluntary contributions instead of grabbing its money through the withholding levy? Under wage withholding's complete effective shearing the sheep have little opportunity to demonstrate any spirit of voluntary submission.—Oklahoma City Daily Oklahoman.

To pay off the national debt in one year would take almost the entire income of everyone in the nation. The per capita debt stands at \$1,613.38 while the nation's per capita income is only \$1,935.—Pharr Press.

## RECALLING

### Other Years

★ Being news items taken from old files of Your Home - Town Newspaper: The Herald.

#### THIRTY YEARS AGO.

Reflecting on events of the past in the Hamlin community, we reproduce the following news item taken from the issue of The Hamlin Herald dated February 17, 1928:

Members of the First Baptist Church have voted to build a new \$35,000. The new building, which will face Public Park, two blocks west of Central Avenue, will be 65x140 feet, and will be heated by gas.

Production of the Stephens Ranch oil well, 10 miles west of Hamlin, which has created quite a stir in area oil circles, has been increased to 300 barrels per day. Many new wells are being put down in the territory.

Mr. and Mrs. D. D. Crow were called to Big Spring Monday by the death of Mrs. Crow's father, Sam Prather. Old-timers will remember Mr. Prather, who lived on a farm east of Hamlin.

Mrs. Burns Eakin and little daughter, Mary Emily, went to Dallas last Friday to be with her father, E. T. McGee, who has been ill for some weeks.

#### TWENTY YEARS AGO.

Events of 20 years ago in the Hamlin community were chronicled in the following news briefs, reprinted from the issue of The Hamlin Herald dated February 18, 1938:

Total of 677 soil conservation checks, representing 505 contracts and totaling \$85,856.19, have been received by Jones County farmers from the state office of the conservation committee.

N. R. Packwood left Thursday for Tylertown, Mississippi, to visit a brother and sister. He has been in failing health for several weeks.

Harold Barrett and John Pace of Hobbs, New Mexico, spent the week-end as guests of Ernest and John Jenkins.

Mrs. R. E. Johnson entertained the Bluebird Bridge Club in her home Tuesday afternoon with three tables of contract play. Those present were Meses, Elmer Feagan, Arice Jones, Art Carmichael, John Ed Day, M. T. Woodward, Bob Low, Joe Culbertson, A. D. Ensey, L. H. McBride, Ted Bledsoe, F. D. Wells, and Paul A. Fowler.

Mr. and Mrs. O. L. Jenkins spent Sunday with their daughter, Mrs. Earl Kiser, and family at Sylvester. Mr. and Mrs. Etzel McCoy and baby accompanied them.

#### TEN YEARS AGO.

Among goings-on in the Hamlin community 10 years ago included the following, taken from the issue of The Hamlin Herald dated February 19, 1948:

Club boys and girls from all over Jones County will be in Hamlin Saturday for the annual Club Boys Livestock Show.

Starr Inzer, Hamlin rancher and wheat farmer, was elected president of the Hamlin Chamber of Commerce when members of the board of directors met Monday in business session.

James Parker, a middle-aged Hamlin negro, was burned to death Wednesday morning about 10:00 o'clock while he slept in the home of Rosie Martin. The house was completely destroyed.

Mayor Holly Toler and three aldermen, L. H. McBride, B. M. Brundage and G. R. Bennett, have filed their names for reelection to their respective offices in the city election set for April 6.

Total of \$1,733.40 was raised in the Jones County March of Dimes just concluded. Hamlin community raised \$482.68.

#### FIVE YEARS AGO.

Included in the news columns of five years ago in the Hamlin territory were the following news briefs, taken from the issue of The Hamlin Herald dated February 20, 1953:

Only 2,598 poll taxes were issued by Jones County Tax Assessor-Collector Elzy Bennett, he reports from his Anson office following the closing date January 31.

Hamlin area's biggest oil producer was brought in Wednesday at noon on the Tom Holman place, two miles northwest of Hamlin. The well flowed 1,400 barrels of oil in initial tests, it is reported.

More than \$1,000 has been posted by the Chambers of Commerce of Stamford, Hamlin and Anson for winners in the annual Club Boys' Livestock Show, scheduled next week-end at Stamford.

Mrs. Elvin Hill, wife of the high school football line coach, has been named secretary of the Hamlin Chamber of Commerce.

#### WAITING FOR HINT.

She—"We've been waiting here for a long time for that mother of mine."

He—"Hours, I should say."  
She—"Oh, George, this is so sudden."

## Hamlin Future Farmers of America to Observe National FFA Week Locally

Future Farmers of America members throughout the nation are scheduling special activities to focus public attention on the work of their organization during the week of February 22-March 1, which is National FFA Week.

Locally, members of the Hamlin FFA chapter plan to observe the week by placing displays at the banks, news stories in The Hamlin Herald, and by cooperating with other chapters in this district to present radio programs each day at 12:00 o'clock noon over Station KDWT Stamford. Hamlin's FFAers will present a program Wednesday concerning the supervised farming phase of the organization.

Membership in the FFA is made up of farm boys who are students of vocational agriculture in high school. The organization's activities are designed primarily to develop leadership, cooperation and citizenship, and to stimulate the boys to better achievement in their study and work toward successful establishment in farming.

Hamlin FFA chapter has 92 members. Officers are: Gene Murff, president; Jerry Crowley, vice president; Boyce Blankinship, secretary; Sam Hodges, reporter; Bob Martin, sentinel; and Gerald Renfro, treasurer.

T. C. Blankinship and Harold Eades, vocational agriculture in-

structors in Hamlin High School, serve as advisors of the FFA chapter.

The national Future Farmers of America organization has 380,000 members with 99,000 local chapters in 48 states, Hawaii and Puerto Rico. Membership in Texas totals 39,000.

Future Farmers choose the week of George Washington's birthday each year for the observance of National FFA Week. Although usually recognized as a Revolutionary War general and our first president, Washington's first love was the farm he called Mount Vernon. There, he was one of the first in the nation to practice contour planting, crop rotations, fertilization and other soil conservation and improvement methods. It was more than a century after Washington's death before general use was made of many of the sound agricultural practices that he advocated.

## Bill Calhoun, Former Resident, Tells Lions Club About Life in Venezuela

Contrasts of the ancient and the modern were given when Bill Calhoun, resident of Venezuela for several years, spoke at the Tuesday noon luncheon of the Hamlin Lions Club at the oil mill guest house. Modern cities but backward living standards and methods were described by the speaker.

Calhoun, who built the original plant of the Texas Plaster & Cement Company at Hamlin (now owned by the Celotex Corporation) recently constructed a similar plant in Venezuela and has been training personnel to operate the plant. He at present is on leave from his duties there. He was a charter member of the Hamlin Lions Club in 1932.

Living expenses are high in the South American republic, he said, which recently has named a president to replace Ramirez, who has ruled the country as a dictator for several years. Influence of young people who came to America to schools and absorbed democratic principles was responsible for the revolution and junta that recently took over the government, Calhoun asserted. A loaf of white bread, for example, costs 82 cents in Venezuela, coming from the United States. Bacon comes from Norway, butter from Australia and other foods from around the world.

Average rainfall in Venezuela is 63 inches and average temperature is 80 degrees, which seldom varies more than 10 degrees. The average common laborer earns about \$3 per day, but living costs are three to four times what they are in America.

A nominating committee to suggest a roster of officers for the new Lions Club year was named

by President Willard Jones to include W. T. Johnson, Edgar Duncan and Bill Seals.

Joe Culbertson made announcement about the forthcoming Heart Fund drive to be conducted Sunday in Hamlin. Rev. Bill Hanna, pastor of the Church of Nazarene, plugged plans for the Hamlin-for-Christ Day in Hamlin next Sunday.

Besides Calhoun and Hanna, other guests at the Lions Luncheon included Rev. Ed Robb, Elmer Feagan, Mac Brundage, Elva Siburt and Danny Sue Sims.

God gives you His spiritual ideas, and in turn they give you daily supplies.—Mary Baker Eddy.

## Social Security Is Topic Discussed at Rotary Luncheon

Ralph Fisher, manager of the Abilene district office of the Social Security Administration, provided the program last Wednesday at the regular luncheon meeting of Hamlin Rotary Club at the oil mill guest house. He presented facts and figures of the social security program.

Fisher discussed, "What Does Old Age Security Insurance Mean to the Community As a Whole?" and "What Does It Mean to the Individual?"

The social security program, he said, was started in 1937, and has been expanded until now nine out of every 10 people employed in the United States are covered by the program. The plan, he declared, relieves many local agencies of the burdens of welfare formerly carried.

In Jones County, Fisher pointed out, 885 persons are receiving \$37,500 per month or \$450,000 per year from the Social Security Administration. Of this number 457 are retired workers, 160 are wives of retired workers, 170 are chil-

even until 17, 61 are widows and 50 are mothers of workers.

Rev. R. B. Tiner, pastor of the Sunset Baptist Church, made an announcement concerning plans for the "Hamlin-for-Christ" Day Sunday, February 23, when effort is being made to have everybody in the community in church.

Besides Fisher and Tiner, other guests at the Wednesday luncheon included Lanier Foster Jr., Junior Rotarian for the month.

A committee to nominate new officers for the Rotary Club was named by President Gene Prewitt to include Mac Brundage, Elmer Feagan, Tate May and Weldon Johnson.

## Vermelle Johnson and Don J. Allen Repeat Wedding Vows in Quiet Rites

Wedding vows were repeated Saturday evening, February 8, at 6:00 o'clock in the home of Rev. Charles Kueck Jr., pastor of the Graham Street Baptist Church in Abilene, by Vermelle Johnson and Don J. Allen. Rev. Kueck was the officiating minister. Double ring rituals were used.

The bride is the daughter of Mr. and Mrs. Earl Johnson of Hamlin, and young Allen is the son of Mr. and Mrs. Frank Allen of McCaulley.

Matron-of-honor was Grovena Willis of Abilene, and best man was Franklin Willis of Abilene.

The bride was dressed in a navy blue two-piece suit with a red dickey, and she carried a corsage of white carnations.

The bride is a graduate of Hamlin High School. Allen is a graduate of McCaulley High School and is now a student in Hardin-Simmons University at Abilene.

Following a short wedding trip, the newlyweds are at home at 1326 Vogel Avenue in Abilene.

**LIVING IN ABILENE** following her recent marriage to Don J. Allen of McCaulley is the former Vermelle Johnson (above), daughter of Mr. and Mrs. Earl Johnson of Hamlin. They were married in Abilene, where the bridegroom is a student in Hardin-Simmons University.

## Baptist Women Meet For Mission Program With Mrs. Duncan

Members of the Woman's Missionary Society of the First Baptist Church met at the church Monday afternoon for a missionary program with Mrs. Edgar Duncan leading.

A program on "Doorposts and Gates" was presented. The program was a discussion of history, literature, religion and missionary work for the Jews.

Pictures and explanations of familiar Hebrew symbols were displayed.

Others taking part on the program in addition to the leader were Mrs. LaFoy Patterson, Mrs. Tate May, Mrs. C. R. Lovell, Mrs. J. C. Simpson, Mrs. Neil Lamina and Mrs. I. D. Miller.

A large number of women attended this meeting.

Following a short business session, Mrs. Weldon Griggs brought the program on "Learning to Live."

Refreshments were served to the following: Mmes. Holly Toler, E. J. Hawkins, E. D. Perrin, Jim Ballard, Weldon Griggs and John C. Bryant.

## DO IT ON THE Q. T.

A would-be soap box orator who had reached the argumentative stage sat down next to a clergyman on a bus. Wishing to get into an argument, he turned and said, "I'm not going to heaven because there is no heaven."

His words, however, got no response.

"I said I'm not going to heaven because there is no heaven," he said again, almost shouting as he came to the end of his sentence.

"Well, then," replied the clergyman calmly, "go to hell, but be quiet about it."

## Plentiful Foods List For March Headed By Prunes and Eggs

Dried prunes are given top billing on the U. S. Department of Agriculture's March plentiful food list for this area.

A larger than average crop, plus a liberal carry-over from last year, assure an abundance of this fruit. Prunes are a perfect food for March "Good Breakfast Month," coupled with cereals or served alone. Other fruits on the list are apples and canned pears.

Eggs return to USDA's plentiful foods list for the first time since last July, as production is expected to reach a seasonal high in March. Also March is National Egg Month.

Dairy products are also in plentiful supply. Milk production is increasing seasonally and the 1958 outlook is for record supplies. January 1 stocks of American cheddar cheese were estimated at 372,000 pounds and stocks of butter were above a year ago.

Pork continues to take the spotlight at meat counters as supplies will probably be at their seasonal peak during March. Frozen whitening is plentiful, too. January 1 stocks totaled 18,000,000 pounds—8,000,000 above a year earlier.

Canned and frozen corn and pinto beans are the only vegetables listed as plentiful for March. Production of pinto beans was estimated to be 1,455,000 hundred-weight larger than the year before. Stocks of frozen corn are at a record high.

Peas and peanut products complete the plentiful list compiled from a survey of major food suppliers in this area.

# TELEPHONE TALK

## AT YOUR SERVICE

Some friends of mine are high in their praise of the telephone for its dependability in practically any kind of weather, day and night. They're happy with their telephone service and we're glad they are. But we're not content to rest on our laurels.

To improve their and your service, new ideas to improve telephone equipment are constantly tested by telephone scientists. New methods are continually put to work to help your calls go through easier and faster. Behind the scenes, experienced telephone employees work "around the clock" to give you the best in telephone service.

These three reasons—new ideas, new methods and experience—are why telephone service never stops improving, yet remains easy on the family budget.

## OUT OF THE PAST

I was thumbing through some old magazines the other day and found some household hints that had been published during the war years. One column suggested using an egg-timer to limit your Long Distance calls to three minutes.

I started wondering if anyone is still using an egg-timer out of a force of habit. I hope not, because you certainly don't need to.

Today there are plenty of Long Distance lines. You can talk as long as you like and as often as you like. In fact, it's wiser to take your time on Long Distance calls and say everything you want to say. One six-minute call always costs less than two three-minute calls. The longer you talk, the less it costs on a per-minute basis. And, you save an additional one-third when you call station-to-station.

Call by number. It's twice as fast.

## U. S. Senator Johnson Says Projects to Avoid Depression Being Scheduled

Unemployment in the nation will reach a total of 5,000,000 workers next month, according to a prediction by Secretary of Commerce Sinclair Weeks, declares U. S. Senator Lyndon B. Johnson in his weekly news letter to The Herald. He continues:

Farm income last year was less than it was in 1952.

A public works program will be thrown into high gear by the administration, says Senate Republican Leader Knowland, if business conditions continue to worsen.

But a letter from the office of the chief of army engineers tells me that the director of the budget has ordered that expenditures for flood control, water conservation and navigation projects be held down to "the practicable minimum" this year.

These are straws in the economic wind that are being watched carefully by Congress. As I have said before, we are not in a depression. But conditions are not as good as they might be. We

should not neglect to take advantage of every sound opportunity to improve them.

Water projects are greatly needed, as we know in Texas. In my considered opinion, they have economic justification at any time. And at a time when unemployment is increasing at a rapid rate, serious questions arise as to the wisdom of a policy of refusing to provide adequate funds to keep the project moving forward. This is the wrong time for a slowdown.

These projects provide jobs at the same time that they lead to conservation of our resources and to production of additional wealth.

Housing legislation offers a positive means of encouraging an upturn in business activity. It is the responsibility of Congress to take the initiative and propose appropriate measures in this field.

An adequate supply of mortgage funds at reasonable interest rates needs to be provided.

The VA home loan guaranty program and the VA direct home loan program, which expire this year, should be extended.

The urban renewal program should be strengthened and might well be expanded. Other affirmative actions to overcome the lag in our economy must be given careful consideration. It should be possible to speed up the road building program. Small business must have realistic and adequate assistance in obtaining needed credit. Farm policies should be designed to help farmers, not eliminate them. The government's monetary policy must be flexible enough to meet rapidly changing conditions.

We do not need to be alarmists about business conditions. We do need to be realistic and we do need to be watchful. Drifting could be dangerous. I think a danger that can be avoided and must be avoided.

Perhaps the reward of the spirit who tries is not the goal but the exercise.—E. V. Cooke.

## Superintendent Cook Gets 3-Year Contract

In a business session last week, members of the board of trustees of the Hamlin Independent School District voted to give Superintendent of Schools C. F. Cook a new three-year contract. Superintendent Cook is now completing his third year in the Hamlin school system. He came here from Spur.

Most men don't bring the boss home to dinner. She's already there.

## FRIENDLY ENEMY.

President Lincoln was once taken to task for his attitudes toward his enemies.

"Why do you try to make friends of them? You know they will only be traitors. You should try to destroy them."

"Am I not destroying my enemies," Lincoln gently replied, "when I make them my friends? And a friend is never a traitor."

I say frankly that above all I would rear children who have zest for life, who will see the world as interesting, dramatic and good.—Leslie Hohman.

## USING GOOD SYSTEM.

A tourist in a southern state overtook a young man running rapidly along the road. He stopped and invited the perspiring runner to get in.

"An emergency, I suppose?" the driver asked.

"No," puffed the young man. "I always run like that when I want a ride. It seldom fails."

## BAD EITHER WAY.

A cold is both positive and negative: Sometimes the eyes have it and sometimes the nose.

When you are so devoted to doing what is right that you press straight on to that and disregard what men are saying about you, there is the triumph of moral courage.—Phillips Brooks.

# STATE CAPITAL Highlights AND Sidelights by Verit Sanford TEXAS PRESS ASSOCIATION

Austin. Money is making the biggest news in Austin at the moment.

Discussion swirls around such topics as campaign funds, unemployment, recession, taxation, receiverships and credit insurance rates—all pocket prodding issues.

Governor Price Daniel publicly deplored the money-raising efforts of Texas' Republican National Committeeman H. J. (Jack) Porter. Porter staged a \$100-a-plate dinner in Houston to raise money for Republican congressional campaigns. His widely publicized letter asking contributions pointed out the need to gain support for the natural gas bill now before Congress.

A hard fought issue for many years, the bill is generally favored in Texas and other gas-producing states, but bitterly opposed in gas-consuming Eastern and Northern cities. Opponents were quick to label Porter's approach as "mass bribery" and "selling legislation for campaign contributions." Proponents of the bill groaned. They contended that Porter had heaved a huge monkey wrench into plans for passage this session.

Governor Daniel said the incident "should convince all Texans that the Republican leadership in this state has nothing to offer but embarrassment, discord and division."

**Why No Jobs.**—Viewing the soaring unemployment figures, Governor Daniel took more jobs at the GOP.

Loss of jobs reportedly increased more in the past month than at any time since World War II.

As far as Texas is concerned, said the governor, much of the blame can be laid to the Republican administration's ineffectiveness in controlling oil imports. Competition of foreign oil, he asserted, has caused Texas production to slip steadily, bringing loss of jobs and revenue to the state. National farm policies also were criticized by the governor.

Texas Employment Commission says its January unemployment compensation payments hit \$537,800, an increase of almost 70 percent from last September.

**More Taxes?**—Governor Daniel has slightly and very cautiously amended his determinedly cheerful stand about possible need for new state taxes.

He still doesn't agree with Comptroller Robert S. Calbert's chilly predictions. These are for a \$12,000,000 deficit by the end of this biennium (in 1959) and need for the next Legislature to scratch up \$100,000,000 in new revenue.

Governor Daniel said he felt the state would just about break

even by 1959. But he conceded that needs of a growing state might call for more money by then. He still favors a gas gathering tax, which he proposed last year, but emphasized he is not recommending that or any other new tax for the time being.

**Let's Face It.**—It's a recession, all right, but a minor one.

This is the answer Dr. John R. Stockton, one of the state's top

business analysis, is giving many groups these days. Dr. Stockton is director of the University of Texas Bureau of Business Research.

Ebbing of prosperity and fear of another depression have put the spotlight on BBR's studies. Dr. Stockton mimes no words about there being a recession, but contends that the cures for this one are in plain sight. He cites increased federal spending and easier credit regulations.

A "minor" recession, says the BBR director, usually lasts about six to eight months.

**Rate Order Delayed.**—State Board of Insurance is re-studying an order that would cut in half the rate for insurance on people who get small loans.

Order brought a storm of protest from credit insurers who said the regulation would put them out

of business. After a hearing, the board postponed effective date of the order from March 1 to April 1. Attorney General Will Wilson has said he would head a drive to crack down on "loan sharks" if the insurance board would tighten up credit insurance regulations.

**US Trust Payment Foreseen.**—Partial repayment to investors in the bankrupt US Trust & Guaranty Company may be possible within a couple of months. Texas Supreme Court rules that all creditors must share alike in the distribution. Payment has been held up by a suit in which holders of "trust certificates" sought preference.

Depositors can make one last move by asking the court for a re-hearing. But unless the court completely reverses its view, this will be denied, making it possible for the state liquidator to begin

paying out some \$4,000,000 in recovered funds.

**Anti-Gift Law Toppies.**—The attorney general has declared invalid a section of a new law prohibiting insurance company officials from making gifts to State Insurance Department employees.

His reason: The bill's caption title did not mention the subj

Texas' constitution requires that a bill's caption must state specifically what is in the bill. In this case, the caption did mention that insurance department employees could not accept gifts from industry people. But it did not say that industry people could not give them.

Each year a number of newly-passed laws are thrown out by

the attorney general or by courts as being improperly written. Governor Daniel has suggested a bill amending division in the attorney

general's department to help legislators avoid such errors.

### FFA Group to Give Radio Program Next Wednesday at Noon

Seven members of the Hamlin High School chapter of Future Farmers of America will present a radio program over Station KDWT Stamford next Wednesday at 12:00 o'clock noon.

Boyce Blankinship, Jerry Crowley, Joe Deel, Lin. e Johnson, Bob Martin, Gerald Renfro and Teddy Westmoreland will present a program concerning the supervised learning phase of the high school vocational agriculture program.

People of the Hamlin area are urged to listen to the 15-minute program to gain further understanding of the vocational agriculture program and the FFA organization, which is using the week of February 22-March 1 to emphasize National FFA Week. A program relating to a different phase of the FFA will be presented each day over KDWT at the same time, 12:00 o'clock noon, it is announced.

#### UNNECESSARY WORRY.

You needn't worry about avoiding temptation as you grow older—thats when it starts avoiding you.

TOMMY SANDS rocks and rolls his way to movie stardom in his film debut in "Sing, Boy, Sing," Twentieth Century-Fox cinemascope musical also starring Lili Gentle, opening Sunday for three days at the Ferguson Theater. Produced and directed by Henry Ephron, the film deals with the rise of a young Southern-born man to become the singing idol of the nation's teen-agers. Edmond O'Brien and John McIntire are co-stars in the film, which features 12 new songs.

### Walt Disney Nature Story, "Perri," to Play Next Week at Ferguson Theater

"Perri," most novel wild animal drama ever brought to the screen, is the first of Walt Disney's technicolor nature productions requiring specific casting to match story points and characters.

The principal roles, the starring parts, weren't too difficult. They were set as famous fictional personages in the Felix Salten book, "Perri," from which Disney made his real life adaptation, his first true-life fantasy. It will show Sunday, Monday and Tuesday at the Ferguson Theater.

They were a handsome pair of Western pine squirrels, Perri, the bewitching little female belle to the treetops, and Porro, her devoted companion in the strangest romance ever filmed.

The half dozen leading wildlife photographers merely had to scout the remote wilds of Northern Utah to locate the living counterparts. Nature offered many candidates. Finally, after weeks of study, the lucky pair was selected. From then on, for two full seasons, every act and detail of their life

and loves in the forest primeval was recorded by the color cameras.

Perri, the fascinating little star, found without benefit of casting director or studio test, gives an amazing natural performance of her own valid life story in scenes of poetic grace and primitive passions, in courtship and in the face of violent dangers. Porro, too, ably earns his co-star rating as the valiant friend and promised mate.

Most difficult to cast was the dark villain of the piece, the ravenous marten, and his equally vicious cousin, the weasel.

The marten's expected part in the drama was well defined but his hunting areas and stratagems were not easily exposed, even by long range telephoto lenses. Once found, however, his deadly attacks created one of the most exciting chases ever seen on film, with swift life just ahead of swift death.

For the many other supporting parts unwittingly enacted by wild-cat, fox, raccoon, snowshoe rabbit, deer, skunk, flying squirrel, porcupine, raven, magpie, predatory owl and savage hawk—well, the photographers just had to be constantly vigilant and catch the performers as nature put them on her vast forest stage and goaded them to their natural behavior.

True courage is like a kite; a contrary wind raises it higher.—J. Petit-Senn.

### Junior High Cagers Win Two, Lose One With Anson Teams

Seventh grade basketball boys of Hamlin Junior High School defeated the Anson crew 28 to 18 in a game that was very close for three quarters. Anson led at the end of the first quarter 5 to 4. Hamlin led at the half 10 to 9, and at the end of the third period 18 to 17. Mike Martin provided the scoring punch for Hamlin by tallying 14 points.

Hamlin eighth grade girls lost a heart-breaker to the Anson girls by a score of 27 to 25. The win gave the Anson girls first place in the conference race. Anson led the entire game until Hamlin rallied in the fourth quarter to catch up at 23 to 23 and 25 to 25. Jeanette Jenkins led the Hamlin scoring with 11 points. Pat Green scored six points, and Priscilla Trotter looped four points.

Hamlin's eighth grade boys took a strange hold on first place by pasting the Anson boys 34 to 19. Frankie Lee scored 16 points, and Stanley Austin 13 points. Hamlin led throughout the game. Half-time score found Hamlin on top 17 to 9. The third quarter score was 28 to 14 in favor of Hamlin. The win revenge a loss to Anson earlier in the race.

### Hamlin FFA Group Makes Early Plans for Father-Son Banquet

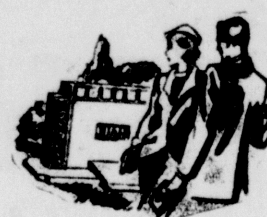

Members of the Hamlin Future Farmers of America chapter at Hamlin High School held their regular monthly meeting Monday evening in the vocational agriculture building.

Those attending discussed the many different judging contests coming up soon. These contests are composed of dairy, livestock, poultry and land judging.

President Gene Murff appointed a committee to advertise the forthcoming National FFA Week, February 22 through March 1. On this committee were named Gerald Renfro, Bob Martin and Sam Hodges.

Those present talked about the parent-son banquet, to be held the latter part of the school year. The group then saw a film on the Jones County Livestock Show held at Anson January 11. The meeting was then closed with the regular closing ceremony.

It makes a great difference in the force of a sentence whether a man be behind it or no.—Emerson.

#### COTTON STOCKS DOWN.

Supply of cotton in the United States during the 1957-58 marketing year is estimated at about 23,000,000 bales—4,600,000 bales smaller than the record of last year and the smallest supply since 1953-54, says John McHaney, extension economist.

#### GOOD CHICKS PAY.

A good quality chick is worth the extra cents it costs. Good layers cannot be developed from low quality chicks, says Ben Wormell, extension poultry husbandman. Developing good layers, he adds, also calls for the use of the best known management practices and these start even before the arrival of the baby chicks on the farm.

It is said that no man stands so straight as when he stoops to life another.
